

GLIDEX

Tap Lubricant

PRODUCT DESCRIPTION

GLIDEX tap lubricant, is produced from 100% pure silicone oil. GLIDEX tap lubricant is available in a small handy plastic tube with 30g.

TECHNICAL PROPERTIES:

GLIDEX tap lubricant is a concentrated silicone paste produced from high-grade silicone oil, improving lubricating properties and protecting rubber. Particularly well suited to EPDM and NBR rubber. Meets the German KTW requirements for use in drinking water installations.

DIRECTIONS:

- 1.) Dismantle the tap according to the producers directions, giving you access to o-rings and unions
- 2.) Clean unions and O-rings for lime and dirt, or renew them.
- 3.) Add a suitable amount of GLIDEX Tap-lubricant and assemble the tap, according to the producers directions, again.

CAUTION! Make sure the GLIDEX Tap lubricant does not get on floors and shoe-soles as it will cause great risk of fall accidents. Do not ever use silicone oils in connection with painting.
