

# Safety Data Sheet

In accordance with REACH Regulation (EC) no. 1907/2006

## 1. Identification of the substance/mixture and of the company/undertaking.

**Product name: SUPER GLIDEX –30G**

Use: Silicone emulsion used as a sliding agent for mounting O-ring sealed pipes etc.

Product registration no.: Not notifiable.

Date: 29.10.2008

Revised on: 07.04.2010

Contact person: lja@eurofins.dk

Phone no. for emergencies: +45 86 26 11 77

+45 82 12 12 12 (Bispebjerg Hospital, Giftlinje ("Toxins Line"))

The logo for Unipak, featuring the word "Unipak" in a bold, yellow, sans-serif font with a blue outline.

## 2. Hazards identification

The product is not classified as harmful with regard to Danish Environment Ministry Order no. 329/2002.

The product may have an irritating effect on repeated or prolonged contact with the skin.

## 3. Composition/information on ingredients

Selected ingredients	EINECS/ ELINCS	CAS no.	Wt-%	Classification
The product contains no notifiable substances with regard to Danish Environment Ministry Order no. 329/2002 and European Parliament and Council Regulation no. 1272/2008 (CLaP).				
ClAP*: European Parliament and Council Regulation (EC) no. 1272/2008.				

## 4. First-aid measures

### Inhalation:

Seek fresh air.

### Skin contact:

Wash the skin with plenty of soap and water. After washing, rub skin with a thick cream.

### Eye contact:

Open the eye wide and rinse with plenty of water for at least 15 minutes. If the irritation does not improve, seek medical advice.

### Swallowing:

Avoid vomiting if possible. Give the casualty water or milk to drink. Seek medical advice in case of persistent discomfort.

## 5. Fire-fighting measures

The product is not flammable.

As far as possible remove the product from areas threatened by fire.

Extinguish the fire with carbon dioxide, foam, powder or water mist.

## 6. Accidental release measures

In case of release to the external environment, contact the environmental authorities.

Remove large spillages. These must then be treated as waste. See also Pars. 8 and 13.

Do not let the product enter drainage systems.

## 7. Handling and storage

Avoid contact with skin and eyes. If skin contact cannot be avoided, protective gloves may be worn. See Par. 8.

Store the product in the closely sealed original packaging in a cool and well-ventilated place.

Fire hazard class: -

## 8. Exposure controls/personal protection

The following notifiable ingredients have a threshold value under Danish Working Environment Authority Instruction (At-anvisning) C.0.1, 2007:

None.

The following personal protective measures are recommended, where necessary:

**Breathing apparatus:** -

**Gloves:** Various rubber materials

**Eye protection:** -

## 9. Physical and chemical properties

Appearance:	White creamy consistency	Solubility in water:	Insoluble
Odour:	Citrus	Partition coefficient	
pH:	7	n-octanol/water:	-
Boiling point:	-	Flash point:	-
Melting point:	-	Self-ignition temperature:	-
Vapour pressure (20 °C):	-	Explosion limits:	-
Density:		Viscosity:	-

-: Means no data or not applicable

## 10. Stability and reactivity

Stabile.

## 11. Toxicological information

### Inhalation:

The product may have an irritant effect on respiratory organs.

### Skin contact:

The product may have an irritating effect on repeated or prolonged contact with the skin.

### Eye contact:

The product may have an irritant effect on contact with the eyes.

### Swallowing:

Swallowing may cause nausea, discomfort and possible vomiting.

### Long-term effects:

None known.

## 12. Ecological information

Danger to aquatic environments: There is insufficient data for an environmental classification of ingredients in accordance with Danish Environment Ministry rules.

Danger to other ecosystems: Insufficient data.

## 13. Disposal considerations

Waste catalogue code (EAK Code): 08 04 99. The product is not regarded as hazardous waste. Spillage and residues to be disposed according to Local Authority instructions e.g. a municipal receiving station for chemical waste.

In case of disposal to Kommunekemi, please quote chemical wastes group: H.

For transport as waste: See Par. 14.

## 14. Transport information

The product is not considered as a hazardous load for transport purposes.

## 15. Regulatory information

Hazard label on packaging:

On 7 April 2010 Eurofins Product Testing A/S assessed that the product should not be classified in accordance with the Danish Environment Ministry Order on classification, labelling etc.

Limitations on use: None.

Requirements for special training: None.

Also covered by the following special statutory instruments: None.

## 16. Other information

The following paragraphs have been revised: 1, 2, 3, 4, 7, 8, 10, 11, 15 and 16.

### **Advice and training/instruction:**

The product may only be used by persons instructed in the execution of the work and familiar with the contents of this safety data sheet.
